

Grant reminded us that public service isn't about partisanship. It is about making life a little bit easier for the hardworking people you serve. His passing is a tremendous loss for all of Arizona. He will be forever remembered for his faithful service to our State, our country, and our democracy.

SITUATION AT THE BORDER IS A COMPLETE AND TOTAL CRISIS

The SPEAKER pro tempore (Ms. GARCIA of Texas). The Chair recognizes the gentleman from Florida (Mr. RUTHERFORD) for 5 minutes.

Mr. RUTHERFORD. Madam Speaker, I rise today to speak against the amnesty provisions included in the Democratic reconciliation bill.

The situation at the border is a complete and total crisis. Many folks look at what is happening there and they think it is incompetence by the Biden-Harris administration but, Madam Speaker, that is not true. Yes, there is a lot of incompetency in the Biden-Harris administration, but the southern border is not a failed policy. It is the policy.

The Democrats want illegal aliens to come to America as part of the social-ist plan. In fact, the Democrat reconciliation bill is a plan that would give amnesty to over 8 million illegal aliens—over 8 million. There is no provision to actually secure the southern border or to fix the problem at the source.

This blanket amnesty for over 8 million illegal aliens rewards law-breakers, empowers cartels, and encourages more people to make a very dangerous journey to our border. Amnesty for over 8 million illegal aliens is an outrageous proposal and must be defeated.

CONGRATULATIONS TO FIGHT CRIME: INVEST IN KIDS

Mr. RUTHERFORD. Madam Speaker, I rise today to congratulate an organization, Fight Crime: Invest In Kids. It is a tremendous organization that 25 years ago understood that if you are going to fight crime in a community you have to fight crime with what I used to call the entire PIE: prevention, intervention, and enforcement.

And Fight Crime: Invest In Kids has been doing this for 25 years now, and I want to congratulate them on the untold number of young lives that they have saved and that they have kept out of a life of crime.

Congratulations to Fight Crime: Invest In Kids.

THE NATIONAL "BIG UGLY"

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from New York (Ms. TENNEY) for 5 minutes.

Ms. TENNEY. Madam Speaker, for the past several months, my colleagues across the aisle have struggled to advance their budget reconciliation bill. The reason is simple: It is a disastrous piece of legislation that the American

people simply don't want now that they are starting to find out what is actually in it.

When I served in Albany, we called these bloated budget bills, and ones just like this the "Big Ugly," and ugly this is.

I rise today to urge my colleagues to oppose our national "Big Ugly," which will raise corporation taxes, and that includes small businesses and family farms, to 26.5 percent, one of the highest rates in the world, and higher than the Communist Party of China charges their corporations.

Despite assurances from the administration, low- and middle-income taxpayers—and that includes, again, our small businesses and family farms, which are the heart of our communities which drive our economy—they will bear the brunt of this bill's \$2 trillion-plus increase in taxes.

Meanwhile, elite universities, left-leaning media outlets, and families earning more than \$800,000 per year will receive major tax benefits or breaks. This bill also allocates billions of dollars to Green New Deal policies while raising taxes on America's domestic energy producers.

As we approach winter in upstate New York—and it is cold, trust me—my constituents are facing some of the highest heating costs in recent memory. This bill's tax hikes on American energy producers are an insult to New York families who will be left struggling to pay their energy bills, especially those who are seniors on fixed incomes.

The point is simple: The Build Back Better plan is an endless list of progressive priorities that will add trillions of dollars to our national debt and worsen skyrocketing inflation, which is nothing more than a tax on the people who can least afford it: people on fixed incomes, people struggling to make a living.

Dictators from Russia to China, Putin to Xi, are counting on us to support our national "Big Ugly," the Democrats' Build Back Better plan, the budget reconciliation plan, that will secure Putin and Xi's economic and energy dominance for decades to come. This will irreparably hurt Americans across the board.

I urge my colleagues to vote against this. Come up with a better plan that actually empowers American businesses, and especially the small businesses who create most of the jobs and drive our economy, and again, our family farms which are the tradition and heart of our communities, especially in upstate New York.

INFLATION CRISIS

The SPEAKER pro tempore. The Chair recognizes the gentleman from Pennsylvania (Mr. MEUSER) for 5 minutes.

Mr. MEUSER. Madam Speaker, I was in a grocery store on Sunday and nearly a dozen of my constituents stopped

me and were very upset about product shortages and price increases.

According to the data, eggs are up 12 percent, bacon is up 20 percent, chicken is up 8 percent, gasoline is up 40 to 50 percent, hamburger and beef are running short. I can assure you, Madam Speaker, while these data points paint a picture, price increases are just simply much higher, and my constituents are feeling the effects in their family budgets.

An older gentleman with a half-full shopping cart that rang up for \$111 glanced up at me and said: This is ridiculous. There are people filling their gas tanks now—before it was \$50, now it is \$80, \$90, \$100 to fill up a pickup truck because, Madam Speaker, the President and Members of this House—in fact, the leadership of this House—has decided to attack domestic energy production, which is clearly driving prices up through the roof.

With winter around the corner, it will cost 30 percent more to heat an average person's home. Yet, the Democrats are trying to implement a home heating tax—that is a wonderful idea—in the so-called Build Back Better bill that will drive energy bills even higher.

Madam Speaker, how is this helpful? How is it helpful to raise costs to tax our domestic energy while making it more competitive for Russia and Saudi Arabia and all the other places in the world to sell us their energy, so-called cheaper, when meanwhile a barrel of oil is over \$80 a barrel. It makes no sense.

And the thing is this, the American people get this. The American people know it. They are paying the price for it. Members here will pay the price at the polls because this bill called Build Back Better is a disaster, Madam Speaker.

This is seventh grade economics. There is too much demand created by Big Government policies and not enough supply, not enough workers because we are providing far too much incentive for them not to work. Why would they, if they are making more not working? We are not doing anything to help our U.S. productivity to fulfill the demand that is being created by these Big Government policies.

All the while, foreign imports are pouring in and creating a bottleneck at our ports that we all see because we don't have the capacity, number one, to build in the USA to fulfill the demand; but number two, to unload the cargo ships and distribute the goods and then put them in trucks and ship them around the country.

So even the Treasury Secretary is warning Americans that inflation will be here throughout the next year, even though the President and others have said: Oh, no, this is just a passing problem. Nobody has to worry about it.

So what is the plan moving forward for the majority in this House, for the Democrats? They want to prime the demand side of the equation with a multi-trillion dollar spending bill
